SSIP-I draft revisions

I have completed revision of the draft Screening Site Inspection Prioritization - Level I report for Portsmouth Day Care Center (VA-415). Below are responses to the comments on the draft.

1. (Title page) change to Site Inspection Prioritization
2. (General Site Information, ¶3) CERCLIS defined
3. (Figure 2) Location of Portsmouth Day Care Center indicated
4. (Surface Water, ¶1) Distances included in the surface water pathway
5. (Surface water, ¶4) The Kepone incident was briefly described.
6. (References) The topographic map was added to the References.
7. (Appendix B) The original EcoMap is included and folded correctly.
8. (HRS PRescore, p. 22) The surface water segment information was corrected to contain the James River and proper distance limits.
9. The spelling/typographical error on pages 3 and 6 were corrected.
